

# **Plymouth – Great Britain**

**Practical stay – project T.E.L.L.**

# When and where?

- Our stay starts in 15 April 2008 and ends in 22 April 2008 at the southern coast of GB, in the city of Plymouth, district Devon.
- We were there for eight days, while which we met new people and gained new knowledge.

# About

- Our stay was focused on the exchange of know-how in the field of teaching in various educational institutions and also to meet with new technologies in companies
- While stay we visited:
  - University of Plymouth
  - Achievement Training Center
  - PTG Precision Engineers

Achie<sup>✓</sup>vement Training

 **PTG**  
*precision engineers limited*

# University of Plymouth

- University of Plymouth is university focused on various areas of science and research, from the technology, through civil and natural sciences up to art.
- We visited a Faculty of technology, where we introduced to the system of quality management in teaching, study program of university and we had excursion to university labs and facilities.

# University of Plymouth
